Article 3

The number of officials per game shall be in accordance with the recommendations of the local, provincial, or national officials' associations. Responsibilities, positioning, and mechanics are covered in the CFOA/Football Canada Officials' Training Manual

Article 3 – Safety Touch

A safety touch is scored when the ball becomes dead in possession of a team in its own end zone, or goes out of bounds in the end zone, as a result of the ball having been carried, kicked, fumbled or otherwise directed from the field of play into the end zone by the team scored against, or as a DIRECT result of a kick being blocked in the field of play.

If a player intercepts a forward pass in the field of play while moving toward the player's goal line, and in the judgment of the official, the momentum carries the player into the player's end zone, possession is deemed to have been gained in the end zone.

If a player carries the ball out of the player's end zone and is contacted by an opponent so that the force of the opponent's contact drives the player back into the end zone, the player shall not be deemed to have carried the ball back into the player's own end zone. After a safety touch, the scoring team will scrimmage the ball from its own 35-yard (30 metre) line.

If, in the judgment of the official, a team deliberately commits a Holding infraction while in the act of conceding a Safety Touch, the score shall count and the penalty shall be applied at the point where the ball is next put into play, or option.

Where multiple fouls occur on a safety touch, and in the opinion of the officials this tactic is being employed to run out the clock. The clock will be reset back to the start time of the play in addition to awarding a score and applying a penalty.
